

Always a spotless rotisserie

TDR 8 auto-clean

Save time, save costs and boost your sales with a spotless cooking theatre that offers all the benefits of a traditional Fri-Jado rotisserie. Save at least one hour of labour every day as manually cleaning the rotisserie's cavity and accessories belongs to the past. The TDR 8 auto-clean enables the operator to spend his valuable time on what's most important: serving customers.

The TDR 8 auto-clean reduces operational and maintenance costs. It has a surprisingly low water consumption: less than 25 liters per cleaning cycle. It does not have any door seals that need frequent replacement. Our rotisserie cleaning tablets are safe to use for any operator.

With its compact dimensions, the TDR 8 auto-clean is likely to fit your store. It has an open cavity, providing the benefits of a traditional Fri-Jado rotisserie: preparing crispy and delicious rotisserie chickens that maintain their attractive appearance for hours.

Features TDR 8 Auto-Clean

Top features

- Controls with intelligent settings
- 250 programs with up to 9 cook stages per program
- Easy-to-use: automatic cleaning
