High volume with a small footprint

CSD 180

The CSD 180 Hot has a smooth design. It has three presentation levels of 680mm in width, and a large glass surface that creates an appealing panoramic product view.

The Convenience Store Displayer is ideal for fuel stations, convenience stores and fast food outlets since it is suitable for all sorts of different snacks – from meat and poultry to savouries and pastries.

Mild, humidified hot air circulates in the cabinet ensuring a safe climate to hold a range of different snacks. Humidification occurs by means of a water drawer that is easy to access from the front or rear.
