

Service kit 9301111s 3/2 Solenoid Valve

When the ACR has serial number 100071271 or older, the unit might have a double 3/2 solenoid valve. In this case, see the conversion instruction below on the next page.

Contents service kit 9301111s:

9301111	1x	3/2 Solenoid valve
9301075	2x	Straight adapter, 8x1/4"
9124250		This instruction

Applied in:

ACR

- NOTICE -

This manual is prepared for the use of trained Service Technicians and should not be used by those not properly qualified. If you have attended a training for this product, you may be qualified to perform all the procedures in this manual.

This manual is not intended to be all encompassing. If you have not attended a training for this product, you should read, in its entirety, the repair procedure you wish to perform to determine if you have the necessary tools, instruments and skills required to perform the procedure. Procedures for which you do not have the necessary tools, instruments and skills should be performed by a trained technician.

Reproduction or other use of this Manual, without the express written consent of Fri-Jado, is prohibited.

CONVERSION TO SINGLE PNEUMATIC 3/2 SOLENOID VALVE

After a rinse cycle, this valve controls the direction of the compressed air which is used to empty the water tubes.

This valve is applied from serial number 100071272 and replaces the (2x3/2)valve.

Old partnumbers 9301090 (valve) and 9301091 (Solenoid) will be redirected to the new part number 9301111. (Solenoid valve assembly pos 17)

Connect the tubes and wiring according the overview below.
