

Doc. nr. 9124594	Rev. 0	Registration form. Instruction placement of price-rail on MCC	
----------------------------	------------------	---	---

	<p>Lowest price-rail can simply be placed behind the child glass, on the bottom shelf.</p>
	<p> For the middle and top price-rail a socket wrench 8 must be used.</p> <p>Unscrew the four holding screws under the shelf.</p> <p> Don't loosen the screws entirely!</p>
	<p>Place price-rail with the mounting lip between the holding screw and the bottom of the shelf.</p> <p>Fasten the holding screws again.</p> <p></p>
	<p>After mounting all price-rails, the unit should look like this.</p>
