		Installation instruction wall rack
9124618	0	for TDR V-spit

This instruction is applicable for mounting the wall rack for TDR V-spit (Art.nr. 9298041). The wall rack is designed to hang a total of up to 64 TDR V-spits (Art.nr. 9112480 / 9112472).

Contents mounting kit 9298041:

9290466	1x	Wallrack for TDR V-spit
9124618	1x	This instruction

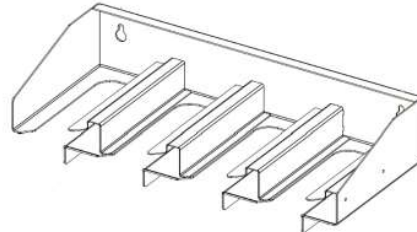

Wall rack specifications (Imperial):

General dimensions (LxWxH): 21"x9"x5"

Weight: 9 lbs

Maximum load: 71 lbs (64x TDR V-spit)

Wall rack:

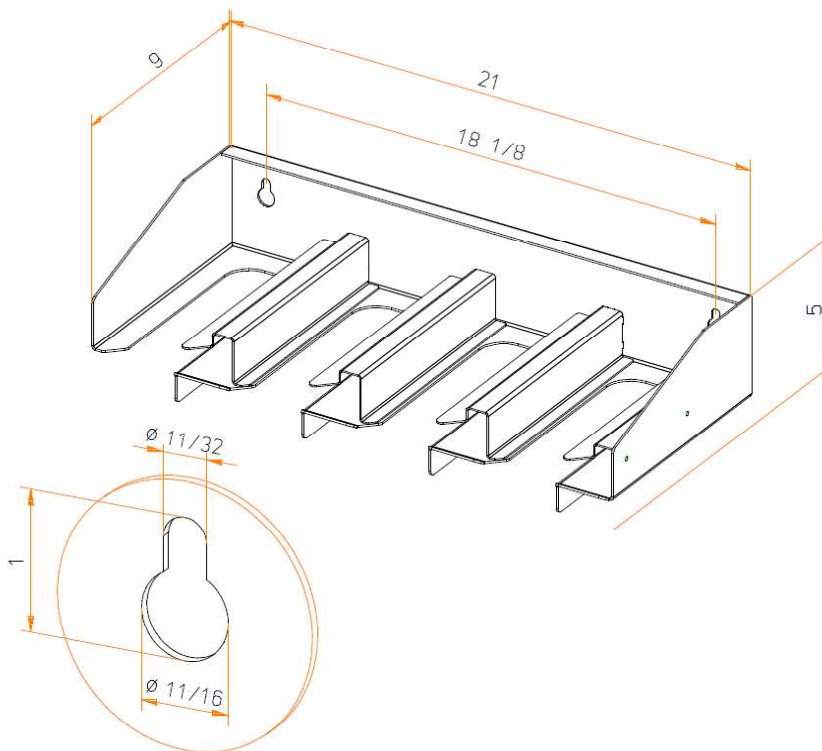

9290466

TDR V-spit (not included):

9112480 TDR7/8
9112472 TDR5

Mounting instructions:

- select a wall which is strong enough to carry the total weight of the wall rack and 64 TDR V-spits;
- use suitable wall anchors for the type of wall the wall rack will be mounted to;
- the wall rack can be used to mark the holes (make sure the wall rack is spirit level);

Example drywall:

- in case of a drywall, two drywall toggle anchors of 100 lbs each can be used.
